REVIEW OF THE MANAGEMENT OF ESTATES

IN THE

COURT OF WARDS,

OR UNDER THE

TALUQDAR'S RELIEF ACT IN OUDH,

For the Year ending 30th September, 1887.

ALLAHABAD:

NORTH-WESTERN PROVINCES AND OUDH GOVERNMENT PRESS.

1888.

REVIEW

OF THE

MANAGEMENT OF ESTATES

IN THE

COURT OF WARDS,

OR UNDER THE

TALÚQDÁRS' RELIEF ACT

IN OUDH,

FOR THE YEAR ENDING 30TH SEPTEMBER, 1887.

THE reports received from the Commissioners deal with 52 estates, being eight less than in the previous year: ten estates shown in last year's report were released before the opening of the year under review, while only two new estates, Kaimahra in Kheri and Lakhanpur Birwar in Fyzabad, were taken under management during the year. The estate of Kaimahra, with a normal income of Rs. 51,696, comes under Government management for the second time. After 10 years' management as an encumbered estate, it was handed over to the late proprietor free of debt in 1880. On his death in October 1886, the Court of Wards assumed management in the interest of his minor son, Achal Singh, to whom the property had been left with liabilities aggregating Rs. 62,774. Lakhanpur Birwar is a small estate encumbered with debt, the proprietor of which is disqualified by weakness of intellect from managing his own property: Government assumed management in May, 1887. Of the 52 estates reported on, 40 were under the management of the Court of Wards: 11 are shown as encumbered estates managed under the

provisions of the Talúqdárs' Relief Act, but of these, two—Pokra Ansari and Kori Sidhauli—were transferred during the year to the Court of Wards on the final liquidation of their debts. One small estate, that of Togapur Yakutganj, has been hypothecated to Government as security for a loan, and is leased to the Talúqdár of Jahangirabad.

2. The total rental of the year was little short of eighteen lakhs of rupees. Omitting the two new estates, there was an increase of nearly two and a half lakhs in the rental of the 50 estates, which were under management in both years, 1885-86 and 1886-87. The usual causes—redemption of mortgaged lands, alluvion, reclamation of waste and jungle land, enhancement of rent owing to improved means of irrigation, and conversion of rents in kind into cash rents—account for a considerable portion of the increase. More than a lakh, however, is due to the rental for the whole year being shown against the Khairigarh and Mullanpur estates: in the previous year the estates were credited only with the rental of the small portion of the year for which they were under Government management. In the Fyzabad district rent was assessed for the first time on land which was found on minute testing to be in the possession of inferior proprietors over and above that which was decreed to them at settlement. The expediency of these measures is open to question. The Shankarpur estate received one and a half year's income, Rs. 12,000, instead of Rs. 4,000 as in the previous year, from the property in the Jessore district: half the rental for 1885-86 not having been remitted from Bengal in time to be shown in that year's accounts. The chief instance of diminished rental is that of Sarwan Baragaon: the decrease is nominal, the Sarsawan portion of the estate in the Kheri district having been made over to the proprietor on account of his personal expenses. The reduction in the rental of Bansi is due to the sale of the seven villages noticed last year. In the cases of Sarái Mehrabad and Sarayan, the rental for part of the year only is shown, as both estates were released in June, 1887.

3. The total demand of current rent amounted to Rs. 17,75,687 : which was less by Rs. 13,247 than the full rental of the year : the difference is accounted for, firstly, by the fact that the full rental for the whole of the year is recorded against the new estate of Lakhanpur Birwar, while the demand was only on account of a third of the year; and secondly, by the advance collections of the previous year, which amounted to Rs. 4,210. Of these no less a sum than Rs. 2,170 was collected in the Bahadurnagar estate in the Kheri district : in the same district Rs. 4,981 were collected in advance during the year under review. The entire current demand was collected with the exception of a small balance of Rs. 51,266, which remained outstanding at the close of the year. This balance should be further reduced by the deduction of the arrears shown against Akhyapur, which were nominal, the estate having been released after six months of the year had elapsed. Though there are complaints from a few districts of damage caused by frost and floods, the collections were, on the whole, excellent, the proportion to gross rental borne by the current collections being 96·39. The collections in several estates* of the Rae Bareli district were not, however, as good as might be expected.

* Amawan (A. H. K.), Koilkar Sataon, Bhiragobindpur, Udrehra, Sehgaon Pachhimgaon.

4. The demand on account of arrears of past years amounted to Rs. 1,61,188, of which only Rs. 27,653 were collected, leaving a balance of Rs. 1,33,535 outstanding. Of this Rs. 1,16,886 are due from the two districts of Kheri and Rae Bareli alone. The result is unsatisfactory; and it appears that little attention has been paid, except in Bara Banki, to the remarks† of Government in paragraph 5 of last year's review. The following table, from which fractions of rupees have been omitted, shows the progress made during the year in

† "The intention of Government, as has been repeatedly stated, is that arrears should be compounded or remitted in all cases in which, through the tenants' misfortunes or the nature of the claim, there is good ground for the belief that the full nominal amount cannot be realized. The requisite authority in this respect has been given to Commissioners, and it rests with them to see that managers give effect to these principles."

collecting the outstandings or in investigating the possibility of their recovery :—

District.	Number of estates.	*Arrears of rent.*				
		Demand.	Collections.	Balance.	Remitted as irrecoverable after close of year.	Net balance.

Total ...	...	1,61,189	27,654	1,33,535	11,311	1,22,224

Inquiry does not appear to be made, as a rule, until the close of the year, when it is found that the balance has been little diminished : the local investigation, which should have been made in the course of the year, is then promised. If the provisions of Circular No. 12-X, Oudh Revenue Manual, were strictly complied with, and the register of irrecoverable items invariably maintained throughout the year, there would be no difficulty in dealing with the items at its close. Another reason frequently given for the omission to report irrecoverable balances is that an estate is about to be released from management. This is not a reason for omitting an examination of the accounts and an exclusion of such items as are without doubt irrecoverable. In the case of the large balances of the Kheri district, proposals for further remissions are under inquiry. The good harvests of the current year will probably facilitate the collection of items the recovery of which has appeared doubtful. In the Rae Bareli circle especially the collections were poor, and the inquiry into the items insufficient. Under no circumstances should the systematic revision of the lists

of arrears be neglected, and the Commissioner is requested to see that this duty is methodically taken up in the estates of the circle. No native proprietor or native manager is willing to strike off arrears, however clearly they may be irrecoverable. The examination and elimination of irrecoverable items is, however, an essential part of a manager's business. It relieves the estate and enables him to concentrate his attention on items which should not escape it.

5. The total receipts from sources other than land rents amounted to Rs. 3,16,494: the balance uncollected at the close of the year was Rs. 55,210, of which Rs. 744 were remitted as irrecoverable.

The subjoined table gives the receipts in detail:—

	Demands.	Collections.	*Percentage of collections to demand.*		
			1886-87.	1885-86.	1884-85.
	Rs.	Rs.			
Rent of houses	3,204	2,687	84	77	91
Takávi	24,703	18,254	74	73	72
Law expenses	15,928	8,626	54	35	72
Interest	16,203	10,589	65	62	59
Miscellaneous	3,11,626	2,76,338	89	94	86
Total ...	3,71,664	3,16,494	85	91	82

The income from rent of houses is, as usual, confined almost entirely to the Pandriganeshpur estate, which owns houses in Benares occupied by wealthy pilgrims. The repayments by tenants of advances granted to them for improvements were slightly better than in the preceding year; but here, again, the six estates in the Rae Bareli district marginally noted show badly. The balance of the Rehwa estate is also larger than it should be. The demand on account of recoverable law expenses exceeded considerably that of the previous year: the collections show a decided improvement, especially in

Bahua.
Amawan (A. H. K.)
Korihar Sataon.
Bhiragobindpur.
Binhora.
Udrehra.

Hardoi and Bahraich, where there were no balances at the close of the year, and Fyzabad. In Rae Bareli the collections were less than a quarter of the demand: a large portion of the balance is due from one judgment-debtor, who is said to have been allowed six months' time to pay. The estate of Dahiyáwán shows the large uncollected balance of Rs. 4,042 due on account of interest on invested capital: more than half of this is due from a Talúqdár of the Fyzabad district, and the only measure taken for realization was to serve upon him a notice to pay, though it is now two years since the estate was taken under Government management. A sum of Rs. 1,507 is said by the manager to have been reported as irrecoverable to the Commissioner: the Deputy Commissioner has no knowledge of this, and the Commissioner does not notice the matter in his review. In regard to both items a full inquiry should be made and a definite course adopted.

6. The demand on account of miscellaneous items amounted to the large sum of Rs. 3,11,625, mainly due to the inclusion of a loan of Rs. 1,00,200 borrowed by the Khairigarh estate from a Court of Wards' estate in the Bareilly district at 7 per cent., in order to pay off a debt bearing compound interest at 12 per cent. A loan of Rs. 6,000 from the Khapradih estate is also credited to the Musepur-Chandipur estate, and a loan of Rs. 24,970 from the Shankarpur and Korihar Sataon estates to the Bhiragobindpur estate. The total collections were Rs. 2,76,338, leaving a balance of Rs. 35,326 at the close of the year. The estates of the Kheri district show large balances, a great part of which is said to be irrecoverable; but no remission statements have been submitted for sanction. As a rule the balances are on account of loans made in former years to private persons, the payment of which is secured in many instances by bonds, but the sums due are recovered with difficulty. The remissions from revenue allowed by Government on account of patwáris' pay should always be credited to miscellaneous receipts: in some estates this sum has not hitherto been shown in the accounts.

7. The following table shows the expenditure under each head, and the proportion borne by it to the total income:—

Heads of expenditure.	Amounts.	*Percentage of total income of year.*			
		1886-87.	1885-86.	1884-85.	1883-84.

Income of year ...	20,74,298	100·	100·	100·	100·

The land-revenue, cesses, and local rates were, as usual, paid in full. It should be borne in mind that the full revenue, including remissions for patwáris' pay, should be shown in column 4 of appendix IV. The reports from some districts show that this procedure is not in every case followed. It is not creditable to the managers that the Khapradih estate should have paid for the last seven years an annual revenue of Rs. 337-3-0 on account of a village which is the property and in the possession of the Talúqdár of Mahdona. The Mahárája has been asked to make good these payments.

8. The cost of management amounted to Rs. 1,04,834, exceeding that of the previous year by Rs. 11,892. The chief increase is in Sultanpur, and is due to a mistake in omitting to charge the estates in the previous year with the full cost of the Deputy Collector in charge and of his establishment. Personal expenses were higher under both heads than in the preceding year: the ordinary charges, which consist mainly of allowances to proprietors and their relatives in the shape of

land held at low rents, of which the equivalent is shown as a cash payment, do not differ materially from those of the previous year. The proprietor of Sarwan Baragaon, as previously mentioned, received certain villages of his estate in lieu of all money allowances. The extraordinary charges are mostly for ceremonial expenses, and include in one case payment of private debts and of legal expenses. The marriages of the Marwan and Khapradih wards took place during the year: Rs. 7,000 were allowed from the funds of the estate for the expenses in the latter case, and Rs. 7,000 received as dowry were also expended on the occasion. The ceremonies in connection with the betrothal of the Pandriganeshpur Talúqdár's son appear to have been completed, the total extraordinary charges for the last two years on this account amounting to Rs. 13,000.

9. Law expenses exceeded those of the previous year by Rs. 10,000, a sum which is equally distributed between the recoverable and irrecoverable heads. The expenses may in some instances have increased owing to the charges due to the Legal Remembrancer; but there is no doubt that the litigation is conducted in a more satisfactory and systematic manner than previously. The returns of civil litigation under the new arrangement in force throughout the year are submitted to the Legal Remembrancer, whose annual report is not received by Government in time to allow of its consideration simultaneously with the reports from the Courts of Wards. Those reports do not contain sufficient data for an opinion as to the success of the litigation in which the Courts have been involved, or as to the measures taken to recover sums decreed. The Deputy Commissioner of Fyzabad complains of the conduct of the Government Pleader in not submitting returns or accounts, and compares his work unfavourably with that of the pleaders of the estate. The Legal Remembrancer, to whose notice the matter will be again brought, will no doubt see that a competent pleader is appointed. The most important cases filed were a claim for the whole Mahona estate, which was pending throughout the year, and a claim for the redemption of five villages and of a two-

fifths share in 28 villages of the Bhadayan estate, which was also undecided at the close of the year: the claim of the late Talúqdár's brother for the Kaithaula estate is apparently still before the Courts. During the year a sum of Rs. 374 decreed in suits was remitted as irrecoverable at the instance of the Legal Remembrancer: as the Legal Remembrancer in appendix C of his report for 1885-86 showed a sum of Rs. 1,380 as irrecoverable on the 1st October, 1886, it is not clear whether the balance is still on the books or not. No remission of irrecoverable costs by the Legal Remembrancer has been reported to Government, and no irrecoverable balances on account of rent cases are reported by Commissioners. The litigation of estates in the Rent Courts is not under the control of the Legal Remembrancer, and further details regarding it might with advantage have been given in many of the reports, especially as the year 1887 was the first in which the new Oudh Rent Act was in force. There must be many points of interest in the practical working of that Act, which would come to the notice of Deputy Commissioners as representatives of large landed proprietors. The extent of litigation under the Rent Act is referred to in the reports from the Fyzabad and Sultanpur districts only: as was to be expected in the first year of its working, the cases instituted were few. In Fyzabad an assessment of rent on land previously held rent-free by the sub-proprietors of the Khapradih estate seems to have been disallowed by the Judicial Commissioner; but the promised details of the case have not been given. Partition proceedings were instituted in the Walipur estate, as shares in many of the villages are not held in separate possession.

10. Under the head "Subscription" the large expenditure of the Khapradih estate is noticeable: it is due to the payment within the year of an arrear subscription for the last 22 years to Canning College on account of the Sultanpur portion of the estate. The expenditure on education amounted to Rs. 10,753. Five wards were at the Wards' Institute at Agra; and it is satisfactory to note that the education at that institu-

tion, though costly, is reported to be thorough, and the training excellent. The minor proprietor of the Khapradih estate had to be removed from the Agra Institute and sent to Canning College on account of ill-health. Rája Rampal Singh of Kori Sadhauli and Chandra Pal Singh of Kurihar Sataon left the Aligarh College, and were instructed during the year in the management of their estates.

11. The expenditure on improvements amounted to Rs. 69,571,* of which about one-third is classed as recoverable, and consists of advances made to tenants chiefly for the purchase of plough-cattle, but also for the purchase of seed, the construction of wells, and the extension of the cultivation of sugarcane. The largest advances made in this way were in the Kheri district, where the tenants of three estates received the exact sums of Rs 4,000, Rs. 5,000, and Rs. 1,000, respectively, for the purchase of bullocks. No exception can be taken to such advances by a well-to-do estate if they are really required for the purpose stated and are well secured; but careful supervision of the grants is necessary. Advances for the purchase of bullocks in the Pokra Ansari estate were large in view of its indebtedness and the exception taken by the Deputy Commissioner to the expenses of the ward's education at Agra. In the Rae Bareli district Rs. 8,217 were advanced: the items are not sufficiently distinguished in the report from the irrecoverable expenditure; but it appears that Rs. 3,930 were granted for the encouragement of sugarcane cultivation and Rs. 665 to shop-keepers, apparently to induce them to settle in new bazaars, the remainder being grants for wells and for the purchase of cattle. Sugarcane cultivation is everywhere reported to be on the increase; the Commissioner of Sitapur remarks that "a prejudice which existed against the crop is being rapidly destroyed by an appreciation of the solid profit which it brings." The realization of outstanding arrears of takávi has usually been satisfactory, except on some of the Rae Bareli estates, and Rehwa in Bahraich, where it is indifferent.

		Rs.
* Court of Wards	...	52,707
Encumbered estates	...	16,864
Total	...	69,571

12. The expenditure under the head "Irrecoverable improvements" was as usual confined almost entirely to the construction of wells. In Fyzabad and Kheri large tracts of jungle were cleared for cultivation. A further sum was spent on the bazaar in the Shankarpur estate, which does not appear, however, to yield any direct income; and a gateway was added to the bazaar in Kori Sadhauli. In the subjoined statement the expenditure under this head for the last six years is compared: during the year under review it amounted to 2 per cent. of the total expenditure:—

Year.	Total receipts.	Total expenditure.	Amount expended on irrecoverable improvements.	Percentage of expenditure on irrecoverable improvements to total receipts.	Percentage of expenditure on irrecoverable improvements to total expenditure.
	Rs.	Rs.	Rs.		
1881-82 ...	20,45,487	19,29,690	16,420	0·8	0·9
1882-83 ...	20,14,122	19,66,319	21,100	1·1	1·1
1883-84 ...	18,50,912	17,89,028	57,358	3·1	3·2
1884-85 ...	18,29,119	17,71,727	55,886	3·1	3·2
1885-86 ...	22,45,893	20,65,602	45,312	2 0	2·2
1886-87 ...	20,74,298	20,99,822	42,073	2 0	2·0

The districts which have spent most during the year on wells and other works of improvement are—

	No. of estates.	Rs.
Sultanpur	6	12,909
Bahraich	3	7,703
Kheri	5	5,550
Bara Banki	6	4,471
Rae Bareli	11	4,465
Hardoi	7	3,729

In Partabgarh there was a considerable falling off in the expenditure, which perhaps is not to be regretted. The Deputy Commissioner also exercised a wise discretion in discouraging the construction of wells which were unlikely to yield any adequate return. Sultanpur is one of the few districts from which full details of the entire expenditure under this head have been received. In addition to works not completed by the close of the year, 72 masonry wells, 15 embankments, and 16 tanks were constructed or repaired in the

estates of that district, the supervision of which, after Lieutenant-Colonel Grigg's departure, rested with the District Engineer. In many estates where the expenditure is large, boring tools have been purchased, and trial borings made before embarking on the work of construction: the result is that there are fewer instances of conspicuous failure, and it would be well if this practice obtained everywhere. An interesting account of the boring operations and of the construction of wells is given by the Deputy Commissioners of Bara Banki and Sultanpur. The latter writes with reference to one estate in his charge: "At Orermau one well was in course of construction; 15 feet only of the cylinder had been sunk when the shaft gave way owing to the sand and the rains, and buried the cylinder altogether. Total expenditure to 30th September, 1887, Rs. 230-6-11. Boring was taken in the well of Patkhauli, which gave 12 feet of sand below the percolation level. Below this are strata of clay and kankar: 12 feet of the cylinder have been sunk in this well. Total expenditure to 30th September, 1887, Rs. 272-4-3. Experimental borings were also taken in the well at Harchandpur. They gave 21 feet of sand below the percolation and one foot of clay. The cylinder has been built to the height of 15 feet, and this has also been sunk. Total cost Rs. 320-4-4. Three wells were being built in the village of Khemmau by the estate. One, on No. 56, has been stopped owing to the ill-feeling manifested by the decree-holders of that village and on the other two work is in progress. In one of these, on No. 603, a 15-feet cylinder has been built. It cost Rs. 205-14-11. In the other well, on No. 405, the borings showed the following class of soil below the percolation sand:—

	Feet.
Sand	5
Kankar	3
Kankar mixed with sand	6
Clay	2

This is complete with the exception of the platform, and has cost Rs. 235-4-0 to 30th September, 1887."

13. The orders of Government on the reports for 1882-83 led in the following year to the largest expenditure on improvements on record; and though

not sustained in subsequent years, the expenditure is still much in excess of that previous to 1883. The histories of estates show that, on release from management, the rent-rolls are almost invariably far larger than when the estates were taken under management. This increase, there can be no doubt, is due to a great extent to improved means of irrigation provided for the tenants at the cost of the estate; and apart from an increased rent-roll, the provision of such means is the readiest method of insurance for the proprietor against the loss which would otherwise certainly occur in years of drought. Variations in a rent-roll may be due to so many causes other than enhancement of rent made in consequence of increased facilities of irrigation, that it is impossible for any one who is unacquainted with the history of an estate to draw from the statistics available in the reports any conclusion as to the exact return on the capital invested in such improvements. A reasonable return should certainly be the rule; expenditure on irrigation wells should, as noted in last year's review, not be incurred unless there is a distinct written agreement on the part of the tenant to pay a fair interest on the principal invested. If this principle is strictly adhered to, there will be little danger of the reckless construction of wells: the expenditure need not necessarily decrease, as the condition ought not to act as a deterrent in cases where they are really required. In any case there are other profitable projects for improvement, such as reclamation of waste and jungle lands, the settlement of new hamlets, and the planting of roadside avenues and groves, from which attention has to a certain extent been diverted. More particularly in the case of an encumbered estate extreme caution is necessary, and it must never be lost sight of that the liquidation of debt is the first charge on all available assets. The Bargaon estate, specially reported upon by Mr. Hoey, is a case in point. While there was the greatest difficulty in meeting the liabilities of the estate, large sums were being expended, in one case without the sanction of Government, on attempts to construct wells—often in impossible places—and the debts were further increased by the acceptance of takávi without any income resulting from the expendi-

ture. In many districts, notably in Sultanpur and Bara Banki, tenants have themselves constructed wells, and, as has frequently been pointed out, every encouragement by judicious concessions should be given to tenants who are willing to improve their holdings in this way.

14. The miscellaneous expenditure fell from Rs. 1,92,055 in 1885-86 to Rs. 1,81,561. The payments are mostly on account of pay of patwáris and chaukidárs and repairs to houses. In the Pokra Ansari estate Rs. 1,000 were paid in commutation of a maintenance allowance. The large disbursements in the Khapradih estate are due to a payment of a portion of the debts incurred by the mother of the ward to secure the Sihipur estate, and a sum of Rs. 6,000 was advanced to the Musipur-Chandipur estate. Rupees 4,300 were invested in the purchase, on behalf of Unchgaon Bhadaur, of a share in a village which once formed part of the estate; and Rs. 1,228 were spent in the redemption of a village by the Mahona estate. The repayment of takávi included in the miscellaneous expenditure of the Madhpur estate should have been shown under the head of debts.

15. The debts due by the estates were reduced to a little over twenty lakhs by the payment during the year of Rs. 6,21,006: more than half of this sum was paid to creditors by the estates of the Kheri district alone. Seven estates were entirely freed from debt, four of which were encumbered estates managed under the Talúqdárs' Relief Act. Proposals were under consideration at the close of the year for adjusting, by fresh loans on easier terms or by sale of portions of the property, the debts of the more heavily involved estates. The estates most encumbered with debt are noted below :—

	Debts at close of year.	Debt when taken under Court of Wards.	Date when taken under Court of Wards.
	Rs.	Rs.	
Mullanpur ...	7,22,195	10,20,492	6th August, 1886.
Bhiragobindpur ...	1,67,107	2,89,375	15th March, 1878.
Pandriganeshpur ...	1,55,510	4,14,417	22nd August, 1877.
Bhilwal Sikandarpur ...	1,24,368	1,72,280	30th September, 1882.
Khairigarh ...	1,04,823	2,60,530	10th May, 1886.

These were all under the Court of Wards. Captain Gulab Singh, of Bhiragobindpur, died in July, 1887, leaving a minor son, who succeeded to his share of the property.

16. The cash balances at credit at the close of the year amounted to Rs. 3,82,028, of which half was invested and half uninvested. In explanation of the large uninvested capital, it is reported that in many cases loans were being advanced from one estate to another, and the transactions were awaiting the completion of the legal preliminaries. In Shankarpur a large balance was retained uninvested for the payment of legacies due on release of the estate. The balance at the credit of the Bhiragobindpur estate should have been credited in the treasury, and the large uninvested balance of the Rehwa estate apparently requires immediate investment. The estates which showed the largest balances at credit at the close of the year are—

	Rs.
Korihar Sataon	68,546
Rehwa	43,693
Shankarpur	38,152
Unchgaon Bhadaur	27,704
Marwan	25,239
Dahiyáwán	24,405

17. Of the 52 estates under Government management, the following six were released by the close of the year :—

	Rental. Rs.
Encumbered estates.	
Akhyapur	5,001
Court of Wards.	
	Rs.
Bahadurnagar	56,742
Shamspur	25,173
Sehgaon Pachhimgaon	10,200
Sarái Mehrabad	1,323
Sarayan	474

Amawan, which had been under management for 17 years and Shankarpur, with rentals of Rs. 17,106 and Rs. 41,297, respectively, were released shortly after the close of the year. Accounts of the estates are given in the abstracts of the reports, which are as usual appended. The management of the estates released and the improvements effected in them were most satis-

factory. On the assumption of management of the Bahadurnagar estate in 1872 the debts amounted to Rs. 99,446 and the rental to Rs. 45,701. The debts have been liquidated, and a sum of Rs. 5,930 spent on irrigation wells, while the cultivated area was increased by 12,000 bíghas and the rental by Rs. 10,000. A cash balance of Rs. 10,193 was handed over to the proprietor.

18. The estates under management were in the charge of the following officers during the year :—

Bara Banki	Mr. J. White,	Deputy Commissioner.
	Major Barrow,	Ditto.
Sitapur	Mr. H. H. Butts,	Ditto.
Hardoi	Colonel Horsford,	Ditto.
Kheri	Colonel Murray,	Ditto.
	Colonel Cowie,	Ditto.
Fyzabad	Mr. L. A. S. Porter,	Ditto.
	Mr A. Robinson,	Ditto.
Bahraich	Pandit Janki Prasad,	Deputy Collector.
Rae Bareli, Partabgarh ...	Mirza Humayun Kadr,	Special Manager.
Sultanpur	Lieut.-Colonel Grigg,	Deputy Commissioner.
	Thákur Salehdi Singh,	Deputy Collector.

The report of the Khapradih estate in the Fyzabad district and the reports from the Sultanpur district are especially full and interesting, and contain the records of a careful and successful management. The estates of the Hardoi district have had the advantage of Colonel Horsford's judicious control throughout the year, and the resources of the estates of the Kheri district have been fully developed by Colonels Murray and Cowie. In Sitapur the estates are few : in one of them, Bahora, an outlying portion of the Khajurahra estate, there are many difficulties to contend with; but it is hoped that the result of the management will be more satisfactory in future. The work of the Partabgarh estates on the whole has been satisfactorily carried on by the sarbarahkars; but the estates have suffered from the inadequate supervision of the manager, whose work and returns have been unfavourably noticed by the Deputy Commissioner and Commissioner. The same manager is also in charge of the Rae Bareli estates, the management of which has not been unsatisfactory; but his ignorance of English is unfortunately the cause of considerable delay in the conduct of business. The only large estate under management in the Bahraich district is that of Rehwa. The Deputy Collector in charge has submitted a

very meagre report, which in common with those from the whole of the Division has not been reviewed by the Commissioner.

19. The list of benevolent endowments and miscellaneous trusts contains the same 12 endowments as in the previous year's return. The total figures for all the funds are—

	Rs.
Opening balance	40,745
Receipts	71,084
Total ...	1,11,829
Expenditure—	
(*a*) Balance paid on account of previous year ...	3,573
(*b*) For trust purposes during the year ...	56,565
(*c*) For other purposes during the year ...	15,541
Total ...	75,679
Closing balance ...	36,150

The balance at credit of the Dargah Saiyid Salar at the close of the year was larger than usual, owing chiefly to the small expenditure on repairs and the construction of works in the previous year, which led to an unusually large opening balance. The misbehaviour of some of the Khadims has given rise to complaints against the management, which are being enquired into. The new charity fund increased its invested capital to Rs. 48,300 by the purchase of Government promissory notes to the value of Rs. 5,000. Private subscriptions have fallen off considerably, and Government is now the chief contributor. The names of no new pensioners are added to the list. The return of educational endowments is the same as that of the previous year, with the addition of the Jahangirabad Jubilee Scholarship Fund, an endowment of Rs. 3,000 created by Shaikh Tasadduq Rasul Khan, Talúqdár of Jahangirabad, district Bara Banki, for the purpose of providing two scholarships for deserving students.

By order, &c.,

W. C. BENETT,

Secy. to Govt., N.-W. P. and Oudh.

The 24th August, 1888.

APPENDIX A.

BARA BANKI DISTRICT.—Officer in charge, Mr. J. White, Deputy Commissioner.

No. 1, *Pokra Ansari (formerly Encumbered, now Court of Wards' Estate). Normal income Rs.* 59,500; *credit balance on* 30*th September*, 1887, *Rs.* 1,700.

The debt due to Government at the close of last year was Rs. 13,400. The sum was paid up in full with Rs. 284 on account of interest. The estate was then released from management under the Oudh Talúqdárs' Relief Act, and the Court of Wards assumed charge owing to the minority of the talúqdár. This estate will continue under management until September, 1893.

The current rental demand, Rs. 59,539, was realized, with the exception of the small sum of Rs. 122. The demand for arrears of previous years, Rs. 5,588, was reduced to Rs. 2,860 by remitting Rs. 1,243 as irrecoverable and collecting Rs. 1,485. The collections from "other sources" were also good. Rupees 4,618 were expended on improvements. The estate constructed three wells, and tenants eight, of which six were built at their own cost, and two with advances from the estate. Nine borings were also effected, and advances were made to the tenants for the purchase of plough-bullocks. The plantation of babul and other trees has been well cared for. It is expected that this will form a valuable property hereafter. The bulls for breeding purposes have been a decided success, and are now much resorted to.

The young Rája, Bhagwan Bakhsh, was at the Wards' Institution, Agra, throughout the year, but is said to be very backward in his studies.

Of 35 notices of ejectment issued against defaulting tenants, seven were contested successfully, and the

Deputy Commissioner's management in this matter showed less consideration and good judgment than was to be expected.

No. 2, *Akhyapur (Encumbered Estate). Normal income Rs.* 5,000; *deficit on the* 30*th September*, 1887, *nil.*

The estate was released from management on the 1st March, 1887, when the proprietor, Bábu Lal Bahadur, paid up Rs. 5,571, the balance of the loan due to Government.

This property came under management in July, 1871, with debts amounting to Rs. 12,525. In the 15 years of management these were reduced to Rs. 6,150. The reduction was necessarily slow owing to the smallness of the income. The rental demand increased from Rs. 3,400 to Rs. 5,000 during the management. The improvements effected were 14 wells, of which two were constructed entirely by the estate, six by tenants receiving advances from the estate, and six at their own cost. Advances were also made for the purchase of seed and ploughs. Eighteen bighas were planted with babul trees, and the plantation is said to be valued at Rs. 1,200. The cost of management per annum was only 3·3 per cent. of the rent collections.

No. 3, *Kharka (Court of Wards' Estate). Normal income Rs.* 24,900; *deficit on* 30*th September*, 1887, *Rs.* 40,000.

The rental demand for the year (Rs. 24,944) was collected, with the exception of Rs. 786-4-0. Of this balance Rs. 624-3-0 are due by a mortgagee in possession of a few of the villages of the estate; measures are being adopted for the recovery of the amount. The collections from "other sources" were also good, being Rs. 1,019 out of a demand of Rs. 1,050. Of the rental demand in arrears from former years, Rs. 701, the sum of Rs. 160 was struck off as irrecoverable, and Rs. 164 were realized.

The estate has an invested capital of Rs. 12,118, *plus* a cash balance of Rs. 1,672, or a total surplus of Rs. 13,790. This money is being accumulated to meet the debt of Rs. 40,000 when the mortgage by which it is secured becomes open to redemption. This will be about five years hence, so that the strictest economy will have to be exercised to accumulate the sum required. The Deputy Commissioner estimates that he will have about Rs. 37,000 by the end of this period.

Two wells were constructed and 12 borings were made at a cost of Rs. 492, and Rs. 235 were advanced to tenants for the purchase of plough-cattle. Of 12 notices of ejectment issued against defaulting tenants, only one notice was contested, and that unsuccessfully.

No. 4, *Togapur Yakutganj (Court of Wards' Estate). Normal income Rs.* 5,700; *deficit on the* 30*th September*, 1887, *Rs.* 43,080.

This estate is leased to the talúqdár of Jahangirabad, and under the terms of the lease his rent was increased during the year from Rs. 5,200 to Rs. 5,700, which was paid in full. The debt due to Government was reduced from Rs. 45,680 to Rs. 43,080.

No. 5, *Bhilwal-Sikandarpur (Court of Wards' Estate). Normal income Rs.* 68,000; *deficit on* 30*th September*, 1887, *Rs.* 1,24,368.

The tenants of this estate, it is said, pay their rents with great punctuality. Of the rental demand of Rs. 68,000 for the year, there was a balance of Rs. 83 only; the rest was realized. In the matter of the arrears of former years, Rs. 5,180, a sum of Rs. 3,205 was struck off as irrecoverable, and Rs. 317 were realized, which left Rs. 1,658 outstanding. The demand from "other sources," Rs. 2,383, was collected in full.

The principal and interest of the debt were reduced by a payment of Rs. 22,230, and stood at the close of the year at the sum of Rs. 1,24,368.

Nine wells were constructed during the year, *viz.*, three by the estate, two by tenants at their own cost, and four by tenants who received advances from the estate. Two wells were repaired. The amount expended was Rs. 2,534. It is desirable that in cases of this sort Deputy Commissioners should report what increase of rent their improvements enable them to effect.

The very large number of 86 notices of ejectment was issued in 1886, mainly against incorrigible defaulters; as only six were contested, all unsuccessfully, it is probable that no injustice was done; but as practically the entire demand was realized, the necessity for this exceptional severity is not apparent.

No. 6, *Amirpur (Court of Wards' Estate). Normal income Rs.* 22,994; *deficit on the* 30*th September*, 1887, *Rs.* 76,510.

Here again, the rental demand for the year, Rs. 22,994, was collected, with the exception of Rs. 38, and the estate has no arrears from previous years. Of the income from "other sources" Rs. 374 were realized out of a demand of Rs. 382.

A sum of Rs. 9,439 was paid towards liquidating the debts of the estate, principal and interest. The debt at the close of the year was—principal Rs. 74,998, and interest Rs. 1,512. The Allahabad Bank is now the sole creditor of the estate, and receives 8 per cent. interest on the loan. During the 16 years' minority of the ward the estate will, in all probability, be entirely cleared of debt. Nothing can be done towards improvements at the expense of the estate until funds are available; but every encouragement should be given to the tenantry to improve their holdings by the construction of wells.

Of the eight notices of ejectment issued, none were contested. Six were against regular defaulters and two against non-resident tenants.

SITAPUR DISTRICT.—Officer in charge, Mr. H. H. Butts, Deputy Commissioner.

No. 7, *Bajehra (Court of Wards' Estate). Normal income Rs.* 14,150; *deficit on the* 30*th September,* 1887, *Rs.* 49.

The rental demand, current and arrears, amounted to Rs. 14,263, which, with the exception of the small sum of Rs. 41, was realized. Of the miscellaneous income, 96·53 per cent. was collected. Advances to the extent of Rs. 356 were made for the purchase of plough-bullocks. Rupees 977 were expended by the estate on the construction of four wells and in providing ropes and buckets to two other wells for the purpose of irrigation. The plantation of bamboos and other trees is progressing. No notices of ejectment were issued during the year. The debts were reduced from Rs. 4,649 to Rs. 49. It is now proposed to redeem a valuable portion of the estate, which is mortgaged for Rs. 65,000, by raising a loan of that amount at 6 per cent. The proposals of the Deputy Commissioner are awaited.

No. 8, *Deokalia, nine annas share (Court of Wards' Estate). Normal income, Rs.* 11,471; *deficit on the* 30*th September*, 1887, *Rs.* 27,939.

The total rental collections were very good: they amounted to 100·3 per cent. of the year's demand, and 95·86 per cent. of the current demand was realized. The current and arrears demand was Rs. 12,219, of which Rs. 11,501 were collected. The income from miscellaneous sources was realized all but Rs. 41 : a sum of Rs. 232 was advanced for the purchase of plough-cattle, and some useful improvements have been made in the two portions of the estate. Two new wells and three embankments in the lowlands were constructed. At the commencement of the year the debts were Rs. 32,264; Rs. 5,991 were devoted to the payment of interest and the reduction of principal. The principal was reduced by Rs. 4,500, and all the interest with the exception of

Rs. 175 was paid. The debt at the close of the year stood at Rs. 27,939. No notices of ejectment were issued.

No. 9, *Deokalia, seven annas share (Court of Wards' Estate). Normal income Rs.* 6,917 ; *deficit on the* 30*th September, Rs.* 33,015.

In this portion of the estate also, the total rent collections were excellent, being 100·56 per cent. of a year's demand. The demand, current and arrears, was Rs. 7,424, and Rs. 6,952 were realized. The collections from miscellaneous sources were also satisfactory, the balance at the close of the year being Rs. 48 out of a demand of Rs. 412. The improvements effected have been mentioned above. Rupees 210 were advanced for the purchase of plough-cattle. No notices of ejectment were issued. The interest on the debts was paid and the principal was reduced by Rs. 3,600, the debts standing at Rs. 33,015 at the close of the year.

HARDOI DISTRICT.—Officer in charge, Colonel N. M. T. Horsford, Deputy Commissioner.

No. 10, *Sarwan Baragaon (Encumbered Estate). Normal income, Rs.* 34,709 ; *deficit on the* 30*th September*, 1887, *Rs.* 72,550.

The apparent reduction in the normal income compared with the previous year (Rs. 42,916), is due to the figures of the Sarsáwan portion, which has now been made over entirely to the talúqdár, having been excluded from the accounts. He pays the land-revenue demand, cesses, and rates, meets all village expenses, and retains the balance of profits for his maintenance instead of, as hitherto, receiving a fixed annual allowance in cash. The arrangement has been a satisfactory one both to the manager and to the talúqdár.

The rental demand, current and arrears, was Rs. 34,983. Of this Rs. 34,743 were collected. The collections from miscellaneous sources were also good, the balance being only Rs. 128. A commencement has been made in the matter of improvements. During the year a hamlet was founded and a masonry well was completed at a cost of Rs. 400. Concessions are being granted to the tenants to induce them to construct kutcha-pucka wells. Takávi advances to the extent of Rs. 195 were made. There were no notices of ejectment issued during the year. A sum of Rs. 12,500 was devoted towards reducing the debt. The principal has fallen from Rs. 81,100 to Rs. 72,550, and the interest was paid in full. The Deputy Commissioner expects to reduce the debt annually by Rs. 10,000.

No. 11, *Durgaganj (Encumbered Estate). Normal income Rs.* 7,715; *deficit on the* 30*th September*, 1887, *Rs.* 6,937.

The rent collections were excellent. Of a rental demand, current and arrears, of Rs. 8,198, a sum of Rs. 7,851 was realized. The income from miscellaneous sources was also realized, with the exception of Rs. 3. The principal of the debt was reduced from Rs. 9,600 to Rs. 6,937, and Rs. 427 were paid as interest. A sum of Rs. 100 was advanced to tenants. For two months experiments were made with the boring apparatus with only one successful result at a depth of 57 feet. A well of seven feet diameter will now be taken in hand at a probable cost of Rs. 800. The Deputy Commissioner should state in his next report the increase to the rental the well will bring. No notices of ejectment were issued.

No. 12, *Baghiari (Encumbered Estate). Normal income Rs.* 10,850; *deficit on the* 30*th September*, 1887, *Rs.* 6,250.

The rent collections this year were not so good as in last year, some of the rabi crops having suffered much from the heavy frost in February. The total collections,

however, equalled 98 per cent. of a year's demand. The demand—current and arrears—was Rs. 11,438, of which Rs. 10,494 were realized. The income from miscellaneous sources was collected with the exception of Rs. 5. As observed last year, the cost of sinking wells in this estate will be an expensive matter. The well commenced last year has not yet been completed; it has been sunk to a depth of 48 feet at a cost so far of Rs. 782. Further experiments were made with the boring apparatus, and only one suitable site was found at a depth of 57 feet. Explanation is wanted in these cases of the financial results expected from the improvements. Takávi advances to the tenants were made to the extent of Rs. 192. No notices of ejectment were issued. The debt due to Government was reduced from Rs. 9,322 to Rs. 6,250. There is also a small sum of Rs. 419 due to the Durgaganj estate.

No. 13, *Mansurgarh (Court of Wards' Estate). Normal income Rs.* 12,335 ; *credit balance on* 30*th September*, 1887, *Rs.* 18,639.

There was a small increase in the rental demand, *viz.*, from Rs. 12,043 to Rs. 12,335. The rent collections, including arrears, equalled more than 102 per cent. of the year's demand. The total demand was Rs. 12,659, of which Rs. 12,597 were realized. Of the demand (Rs. 1,501) from miscellaneous sources, there was a balance of Rs. 38 only—a very satisfactory result. Three wells were completed during the year, and four others have been taken in hand, which it is expected will be completed during the current year. A sum of Rs. 197 was advanced to tenants for the purchase of seed and plough-cattle. The credit balance of the estate has been invested in a loan to the Khajurahra estate. No notices of ejectment were issued. The nine rent suits, in which the estate was concerned, were decided in its favour, and the judgment-debtors have paid up. The estate was also successful in the two petty civil suits in which it was engaged. The minor is said not to be bright, and he is now being taught by a private tutor under the supervision of the manager of the estate, who is also teaching him how to manage his property.

No. 14, *Marwan (Court of Wards' Estate). Normal income Rs.* 15,436; *credit balance on the* 30*th September*, 1887, *Rs.* 25,239.

The rental demand shows a small increase of Rs. 1,617 on that of the previous year. The rental collections were excellent, with a balance of only Rs. 63 out of a demand, current and arrears, of Rs. 15,464. The collections from miscellaneous sources were equally good. The minor was married during the year, and Rs. 4,000 were expended in the celebration of the marriage. On the sites selected last year two wells have been built during the year, and it is expected that four others will be completed in the current year. An advance of Rs. 25 was made to a tenant for the purchase of plough-cattle. No notices of ejectment were issued. The estate was successful in the eight suits instituted for the recovery of arrears of rent, and in the three civil suits it gained two and withdrew the third.

No. 15, *Behti Chiragpur (Court of Wards' Estate). Normal income Rs.* 1,634; *deficit on the* 30*th September*, 1887, *Rs.* 300.

In this small property of one village the rental demand of Rs. 1,638 was collected all but seven annas. The miscellaneous income, Rs. 167, was realized in full. The debt was reduced from Rs. 711 to Rs. 300. It is hoped that this sum will be cleared off by the close of the current year. A well has been taken in hand at an estimated cost of Rs. 900, a loan from Government under the Land Improvement Act having been obtained. No notices of ejectment were issued, nor was the estate engaged in any litigation. The minor is reported to be an intelligent boy, and advantage will be taken of a long minority to give him a good education and to improve the property.

No. 16, *Khajurahra (Court of Wards' Estate). Normal income Rs.* 55,651; *deficit on the* 30*th September*, 1887, *Rs.* 77,698.

The mortgage on the Bahora portion of the estate in the Sitapur district was redeemed during the year to

prevent its becoming an absolute sale. The amount required, Rs. 50,330, was obtained by loans on favourable terms from other estates having surplus funds available for investment. Arrangements have also been made for consolidating the other debts of the estate. The total rental demand, current and arrears, was Rs. 57,960, of which Rs. 55,615 were collected; a portion of the balance is irrecoverable, and Rs. 485 have been struck off. The income from miscellaneous sources was collected with the exception of Rs. 177. The management of the Sitapur portion of the estate in the matter of the revenue accounts is again commented upon. The Commissioner says "the patwáris and others have been detected in fraudulent transactions in connection with the crop appraisements; these frauds have probably led to the demand being entered at a lower figure than it would have been had the rightful share of the landlord been always shown, and to the collections being less than they ought to have been." The services of the manager have been dispensed with. Mr. Bower, Assistant Commissioner, has now been associated in the supervision of the estate. In the Hardoi portion of the estate a sum of Rs. 170 was given in advances to tenants: in the Sitapur portion two wells were built at a cost of Rs. 324 and about 500 bamboos were planted. A sum of Rs. 15,403 has been devoted to the payment of the debts, and the principal has been reduced to Rs. 77,698. No notices of ejectment were issued. Of the 14 suits for arrears of rent instituted, one was struck off, five were given in favour of the estate, and eight were pending at the close of the year. It will be necessary to institute a few civil suits as soon as the affairs of the estate are a little more settled. The minor is being educated at the Wards' Institution at Agra, and the Deputy Commissioner is well pleased with the progress he has made and in the improvement of his manners.

KHERI DISTRICT.—Officers in charge, Lieutenant-Colonel A. Murray, Deputy Commissioner, and Lieutenant-Colonel T. R. Cowie, Officiating Deputy Commissioner.

No. 17, *Bahadurnagar (Court of Wards' Estate). Normal income Rs.* 56,742; *balance at credit on the* 30*th September,* 1887, *Rs.* 10,194.

This estate was originally managed under the Oudh Talúqdárs' Relief Act (XXIV) of 1870; it was released on the 31st March, 1886, on the repayment of the loan obtained from Government; but the Talúqdár being still a minor, the Court of Wards assumed charge. The ward attained his majority on the 28th July, 1887, and the estate was made over to him on the 1st October last. The following is a brief account of the entire management:—

In April, 1872, the Deputy Commissioner assumed charge of the estate under the Oudh Talúqdárs' Relief Act on the application of the late Rája, Musharaf Ali Khan, father of the present Rája. The debts at this time were Rs. 99,446, with arrears of land-revenue amounting to Rs. 24,920. For the first five years of management the surplus funds were devoted to clearing off the arrears of revenue. In March, 1877, the debts were compounded for a cash payment of Rs. 85,636, and a loan was obtained from Government of Rs. 80,000 bearing interest at 5 per cent., the remainder being met by the estate. This loan with interest was liquidated in about nine years, together with a further debt of Rs. 10,000 bearing interest at 10 per cent. contracted to meet the marriage expenses of the young Rája, who was married to the daughter of the Rája of Nánpára in the Bahraich district. The total amount paid during these nine years was thus Rs. 1,10,000.

The late Rája died in October, 1876, and was succeeded by the senior Ráni with a life interest. This lady died in March, 1881, when the present Rája, Muzaffar Ali Khan, who was then a boy of 15, succeeded.

The estate comprised 55 villages with an area of 50,000 acres, to which a small addition was made by purchase. The cultivated area rose from 22,000 acres to 30,000 acres, and the rental from Rs. 45,701 to Rs. 56,742 in the 15 years of management. In the matter of improvements the estate expended Rs. 5,931

on the construction of nine irrigation wells and Rs. 1,791 on 32 drinking wells. The tenants built 75 drinking wells at their own cost. A large garden was planted and well stocked with fruit trees, 18 new hamlets were established, and three deserted villages re-settled. Land was given freely to tenants for the plantation of groves, of which 75 were laid out. Six Behea sugar-mills were purchased at a cost of Rs. 622, which are hired out to the tenants at a small fee. During the year under review, the rental demand, current and arrears, was Rs. 59,208, of which a sum of only Rs. 53,231 was realized. This indifferent result is attributed to a small kharíf outturn and a very poor rabi. Of the demand (Rs. 5,563) from miscellaneous sources, Rs. 5,104 were collected. A sum of Rs. 4,000 was advanced to tenants for the purchase of plough-bullocks; Rs. 3,253 expended on three irrigation wells; 10 bíghas of land were given to tenants for the plantation of groves, and three drinking wells were made by tenants; 918 bíghas of waste land were brought under the plough; the area under sugarcane cultivation was increased by 424 bíghas, and two new hamlets were founded.

The ward began his education at the High School at Lakhimpur, the head-quarters of the district. He was then sent to the Wards' Institution at Benares, and subsequently to Aligarh. Lastly, he was placed under the charge of his father-in-law, Rája Jang Bahadur Khan, of Nánpára. The estate was made over to him on the 1st October, 1887, with a cash balance of Rs. 9,936. He has succeeded to a flourishing property, which it is hoped he will continue to manage well in his own interests and that of his tenants.

No. 18, *Bánsi (Court of Wards' Estate). Normal income Rs.* 4,994; *deficit on the* 30*th September,* 1887, *Rs.* 4,106.

The difference in the normal income compared with that of the previous year (Rs. 7,188) is caused by the exclusion of the rent of the seven villages sold for the liquidation of the major portion of the debts. The rent collections during the year, which equalled 104 per cent.

of a year's demand, were excellent. The demand, current and arrears, was Rs. 5,337, which was collected, with the exception of Rs. 149, and of this Rs. 51 were realized after the close of the year. The miscellaneous income was collected all but Rs. 52, and this was reduced by the collection of Rs. 25 after the close of the year. The debts were reduced from Rs. 6,146 to Rs. 4,106. As regards improvements, the area under sugarcane was increased by 110 bíghas, and 87 bíghas of waste land were brought under cultivation. A sum of Rs. 45 was advanced to tenants. No notices of ejectment were issued.

No. 19, *Khairigarh (Court of Wards' Estate). Normal income Rs.* 1,43,120; *deficit on the* 30*th September,* 1887, *Rs.* 1,01,824.

The rent demand, current and arrears, was Rs. 1,66,013. Of this Rs. 1,37,579 were collected, which left a balance of Rs. 28,434. Of this balance only Rs. 6,149 are on account of the current rental. A large portion of the balance on account of previous years is said to be irrecoverable, and steps are being taken to have this sum struck off from the accounts of the estate. The demand from miscellaneous sources was Rs. 1,49,908, which includes a loan of Rs. 1,00,200 borrowed to pay off a debt. Of this was realized Rs. 1,38,686, leaving a balance of Rs. 11,221. A sum of Rs. 4,177 of this balance is said to be irrecoverable.

The debt at the commencement of the year was Rs. 2,45,938, including interest. Rupees 1,58,176 were paid towards its reduction, and at the close of the year the liabilities were Rs. 1,01,824, which included Rs. 2,561 due on account of interest. A loan of Rs. 1,00,200, bearing interest at 7 per cent., was contracted during the year to pay off a debt of Rs. 90,000 bearing compound interest at 12 per cent. per annum. The estate will be free of debt it is expected in about two years. Rupees 5,000 were advanced to tenants for the purchase of plough-cattle and Rs. 1,272 for the sinking of wells: 145 new tenants were settled, two new hamlets founded, and 8,544 bíghas of culturable waste were dug up, of which 500 bíghas were

cultivated with sugarcane. Irrigation wells are not needed; but the Deputy Commissioner has taken steps for the construction of drinking wells, which are much required. As this estate is likely to remain long under management, the proprietary rights being vested in the present Ráni, a young widow, for her life, with remainder, in succession, to two other young widows, schemes for bringing under the plough the extensive areas of rich culturable land in this magnificent estate by the encouragement of immigration from the more populous districts of the Province and the settling of new hamlets may be feasible.

No. 20, *Mullanpur (Court of Wards' Estate). Normal income Rs.* 1,59,100 ; *deficit on the* 30*th September,* 1887, *Rs.* 7,22,195.

This estate is comprised of 132 villages situated in the Kheri, Sitapur, and Bahraich districts. The rental demand, current and arrears, was Rs. 1,81,581, the collections were Rs. 1,51,098, and the balance Rs. 30,483. Rupees 11,829 of this balance are on account of the current rental and Rs. 18,654 relate to arrears of former years. Rupees 2,934 of this are said to be irrecoverable. More than three-fourths of the rents are paid in kind. The kharíf in the Bahraich district suffered much from floods and the rabi of the whole estate was indifferent, which accounts for the small collections. Of the demand (Rs. 23,111) from miscellaneous sources, there was a balance of Rs. 5,898, and Rs. 336 of this are irrecoverable. The debts stood as follows:—

	Rs.
Principal	7,70,908
Interest	42,965
Interest which accrued during the year	60,741
Total ...	8,74,614

The payments were —

	Rs.
Principal	1,03,322
Interest	41,110
Remitted by creditors	7,987
Total ...	1,52,419
Balance ...	7,22,195

Of this balance Rs. 54,609 are due on account of interest. Arrangements have been made to borrow a sum of Rs. 6,58,000 bearing interest at 7 per cent. per annum from the Mandi estate in the Panjáb, repayable by half-yearly instalments of Rs. 60,000. Satisfactory progress has been made in compounding and consolidating the debts. In the way of improvements Rs. 608 were advanced to tenants for the purchase of plough-cattle, and 1,169 bíghas of culturable waste were brought under cultivation, of which 340 bíghas were planted with sugarcane. The estate, situated as it is on the banks of the Sarju, Chauka, and Gogra rivers, is subject to severe inundations, and during the year it lost by the action of these rivers 6,167 bíghas of land. No notices of ejectment were issued.

No. 21, *Kaimahra (Court of Wards' Estate). Normal income Rs.* 51,696*; deficit on the* 30*th September,* 1887, *Rs.* 52,356.

This estate comprises 35 villages and six chaks. The late talúqdár, Narpat Singh, died in October, 1886, leaving a minor son, Achal Singh, born on the 18th June, 1880, on whose behalf the Court of Wards assumed management on the 19th November, 1886.

This estate, owing to the debts of the late talúqdár, then estimated at Rs. 90,203, was placed in the hands of the Deputy Commissioner in April, 1868, and on the passing of the Oudh Talúqdárs' Relief Act in 1870, it was brought under its provisions. The debts, after inquiry, were notified at Rs. 51,407, and subsequently a loan of Rs. 30,000 was obtained from Government, with which the miscellaneous claims were satisfied, and the State became the sole creditor. This loan was liquidated in June, 1880, and the estate was released from management. It was, however, known at the time that the talúqdár was extravagant, that he had concealed some of his debts and had contracted others during the Government management. After a lapse of little more than six years the estate has come under management again, with liabilities aggregating Rs. 62,744.

The rental demand for the year was Rs. 51,696, to this is added an arrear balance of Rs. 11,196, which made the total demand Rs. 62,892: of this Rs. 50,555, or 97·79 per cent. of a year's demands were collected; Rs. 3,394 of the balance were on account of the current demand. Both the kharíf and rabi crops were indifferent. The income from other sources, Rs. 9,821, was collected in full. The debts, principal and interest, at the beginning of the year amounted to Rs. 66,717: of this Rs. 14,361 were paid off. The balance at the close of the year was thus Rs. 52,356, of which a sum of Rs. 50,000, bearing interest at 9 per cent. per annum, is due to the Bank of Bengal. Endeavours are being made to have the interest reduced to 8 per cent., and if the offer is not accepted, arrangements will be made to pay off the loan by obtaining the amount elsewhere at a lower rate of interest. Rupees 1,000 were advanced to tenants for the purchase of cattle and Rs. 1,000 for the construction of two irrigation wells which are approaching completion. Six hundred and eighty-three bíghas of culturable waste were brought under the plough, and sugarcane cultivation was increased by 310 bíghas. No notices of ejectment were issued.

FYZABAD DISTRICT.—Officers in charge, Mr. A. Robinson, Deputy Commissioner, and Mr. L. A. S. Porter, Officiating Deputy Commissioner.

No. 22, *Khapradih (Court of Wards' Estate). Normal income Rs.* 74,633 *; balance at credit of the estate on the* 30*th September*, 1887, *Rs.* 12,013.

There was an increase of Rs. 1,053 in the rental demand due to additions made to the rent, when the holdings were found to be in excess of the area of the patta.

The total rental demand, current and arrears, was Rs. 75,658, of which a sum of Rs. 74,041 was realized. These good results are attributed to the prosperous condition of the tenantry and the industry of the estate officials.

The improvements undertaken during the year were, in the Fyzabad portion of the estate, the construction of an irrigation drain, the repairing of old wells, the construction of a small village road, and the clearing of jungle for the extension of cultivation. In the Sultanpur portion one new well was commenced, progress was made with the other four started in previous years, and a couple of old wells were cleaned out and repaired. Advances were also made to tenants for the purchase of plough-cattle.

Four appeals were preferred by tenants against the orders dismissing their objections to the notices of ejectment issued against them. Of these three were decided for and one against the estate.

The usual annual Darbár of the tenantry was held, and rewards were distributed to those who paid their rents regularly, and to those who had constructed wells in previous years.

The minor, Anant Bahadur Singh, was removed during the year from the Wards' Institution at Agra owing to bad health. He is continuing his studies at Canning College, Lucknow, and is said to be making good progress. He was married in April, 1887, to the daughter of Bábu Basawan Singh, an iláqadár of the Arrah district, who belongs to the Ojainia Family of Dumraon.

The year closed with a credit balance of Rs. 12,013, of which a sum of Rs. 6,000 has been since invested in a loan to the Musepur estate and Rs. 4,062 paid in liquidating the debts of the mother of the minor.

No. 23, *Mamrezpur (Court of Wards' Estate). Normal income Rs.* 1,966; *deficit on the* 30*th September*, 1887, *Rs.* 480.

There was a slight increase in the annual rental demand of this small estate, *viz.*, from Rs. 1,938 to Rs. 1,966. The whole amount was realized during the year, which is creditable to the manager. The estate

and the tenantry are reported to be in a prosperous condition. A sum of Rs. 150 was expended in effecting urgent repairs to the house of the minors, hence nothing could be paid towards reducing the debt, which stood at the close of the year, including interest, at Rs. 480. It is, however, expected that this sum will be cleared off before the young proprietors obtain their majority. Six notices of relinquishment were filed by tenants, and their holdings were re-let to others.

No. 24, *Behra (Court of Wards' Estate). Normal income Rs.* 1,928 ; *deficit on the* 30*th September*, 1887, *Rs.* 402.

This was formerly a portion of the Mamrezpur estate which was partitioned in 1885. The rental demand, including arrears, amounted to Rs. 1,967, of which Rs. 1,963 were collected. The debt was reduced from Rs. 763 to Rs. 402, which will be paid off during the coming year, when it is expected that the estate will be made over to the proprietor, who takes a careful interest in its management. Six notices of relinquishment were lodged, and the land has since been re-let to other tenants.

No. 25, *Musipur Chandipur (Court of Wards' Estate). Normal income Rs.* 11,282 ; *balance at credit on the* 30*th September*, 1887, *Rs.* 1,060.

The rental demand, owing to enhancements where the rents were unduly low, was increased during the year from Rs. 9,363 to Rs. 11,282. Of this sum Rs. 11,266 were collected, a result creditable to the general management, and indicating the fairness of the rents imposed.

The debts have now been ascertained to amount to Rs. 29,523, the majority of which are secured by mortgages on the estate. Rupees 16,000, however, of this sum is a loan on an usufructuary mortgage redeemable in December, 1887. No accounts have been rendered to the estate by the mortgagee, which is a breach of one of the terms of the mortgage deed, and a suit for the

redemption of the mortgage is to be instituted, when the civil court will decide how the account stands, and what further payment, if any, is necessary. A sum of Rs. 6,000 has been borrowed from the Khapradih estate for payment of some of the other claims bearing heavier interest. No improvements were effected, and the year closed with a credit balance of Rs. 1,060, which will be applied in reducing the debts.

The minor is being educated at the Tánda tahsíli vernacular school.

No. 26, *Lakhanpur Birhar (Court of Wards' Estate). Normal income for the period of the year the estate was under management, Rs.* 3,525 ; *balance at credit on the* 30*th September*, 1887, *Rs.* 408.

This estate was placed under the Court of Wards in May, 1887, on the application of the Talúqdár, Bábu Sudisht Narayan Singh, to be declared, under section 162*(c)* of the Oudh Land Revenue Act, disqualified from managing his estate. The talúqdár, whose grandfather died insane, is quite an imbecile, and the property was being ruined. His two sons, aged, respectively, 18 and 16 years, were also reported to be incapable of attending to the management.

The full liabilities of the estate have not yet been ascertained; the claims are being investigated. When management was assumed, they were estimated at Rs. 60,781, of which a sum of Rs. 29,160 was due to mortgagees. The gross rental of the estate is reported to be Rs. 14,626: this, however, includes a sum of Rs. 2,162 intercepted by mortgagees in possession.

The rental demand for the year was Rs. 12,562, of which Rs. 9,036 were realized by the talúqdár prior to management, and the balance, Rs. 3,525, was collected in full by the Court of Wards.

BAHRAICH DISTRICT.—Officers in charge, Mr. H. C. Irwin, Officiating Deputy Commissioner, and Pandit Janki Parshad, Deputy Collector.

No. 27, *Rehwa (Court of Wards' Estate). Normal income Rs.* 75,772 ; *balance at credit on* 30*th September,* 1887, *Rs.* 43,694.

The rental demand of the year, including arrears, amounted to Rs. 81,284: of this Rs. 73,380 were realized, or 90·27 per cent. The collections were not so good as in the previous year, and payment in full from the tenants was not insisted on, as the kharíf crops near the banks of the river Sarju had suffered from inundations, and injury was done by frost to the rabi crops, especially to arhar. The collections from "other sources," however, were somewhat better, being 65 per cent. of the demand compared with 61 last year.

The expenditure incurred on improvements was Rs. 7,700. Thirty wells were constructed, of which 10 were for drinking purposes and 20 for irrigation. Two old wells were repaired. In addition to other small works and repairs carried out, the Banjari road was under construction and a bridge was built on it: the talúqdár's house at Rehwa has also been completed. Two new wells were built by tenants. Double the area of the previous year was brought under sugarcane; to encourage the extension of this crop, free grants of wood have been given for the erection of country mills, and the estate proposes to introduce the new patent sugar-mills. No notices of ejectment were issued. The minor has continued his studies at the Wards' Institution at Agra; but the Principal reports that the lad is wanting in application, and has made little improvement.

No. 28, *Mehrabad (Court of Wards' Estate). Normal income Rs.* 3,100; *balance at credit when the estate was released from management, Rs.* 1,500.

This small estate was released from management at the end of May, 1887. The rental demand, current and arrears, for the period of the year the estate was in charge, was Rs. 1,900 of which Rs. 1,329 were collected. The current demand was realized in full. The past history of this small property, briefly, is this: On the death of the late málguzár in 1872, the estate

was taken under management pending settlement of the disputes as to the shares of the several claimants. When the claims were finally disposed of by the civil courts, the one-anna share of Musammat Sakunat Begam and 3½ annas share of Musammat Alarakhi were released from management. The shares of the two minors were retained, *viz.*,—

(1) Ghulam Husain, eight annas share, known as Mehrabad; and

(2) Yasim Ali Khan, 3½ annas share, known as Sarayan.

The debts amounted to Rs. 1,724, and have been paid off. This having been done, a continuance of the management by the Deputy Commissioner was unnecessary : it was then arranged that the guardians of the minors should take out certificates of administration under Act XL of 1858. Musammat Champa Begam received a certificate for her son, Ghulam Husain Khan, and Musammat Hasna Begam for her grandson, Yasim Ali Khan. The Mehrabad portion was made over to the former on the 28th May, 1887, with a credit balance of Rs. 1,500 in Government 4 per cent. Promissory Notes, and Sarayan to the latter on the 2nd June, 1887, with a cash balance of Rs. 33. Very little was done in the way of improvements, the means at the disposal of the manager being limited.

No. 29, *Sarayan (Court of Wards' Estate). Normal income Rs.* 1,400 ; *balance at credit when the estate was released, Rs.* 33.

This property of one village was released from management on the 2nd June, 1887. It originally formed a portion of the Mehrabad estate, a brief account of which is given above. The rental demand, current and arrears, for the period of the year the estate was in charge was Rs. 537, of which Rs. 492 were collected.

RAE BARELI DISTRICT.—Officers in charge, Mr. C. Chapman, Deputy Commissioner, and Mirza Humayun Kadr, Deputy Collector and general manager.

No. 30, *Kuri Sadauli (Encumbered Estate). Normal income Rs.* 64,155; *credit balance on* 30*th September,* 1887, *Rs.* 2,820.

The rental demand shows a small increase of Rs. 786 over that of the previous year, Rs. 64,155 against Rs. 63,369. This increase is due principally to a change from grain to cash rents. The rental demand, current and arrears, amounted to Rs. 73,465: of this Rs. 65,764 were collected, equivalent to 102½ per cent. of the year's demand, compared with 106·1 per cent. of the previous year. Only Rs. 1,619 were realized on account of the arrears of previous years, Rs. 9,309. Of the balance Rs. 7,690, a sum of Rs. 6,821 has been secured by bonds payable by fixed instalments. On the whole, the results may be taken as good, especially when it is considered that some of the crops were damaged by frost and the district suffered generally from a severe epidemic of cholera. The collections from miscellaneous sources were satisfactory. Twelve pucka wells were constructed by tenants, and the new bazaar has been improved. The balance of the debt due to Government, Rs. 18,709, principal, and Rs. 459, interest accruing thereon, was paid up in full during the year, and the estate was released from management under the Oudh Talúqdárs' Relief Act. As the talúqdár is still a minor, the Court of Wards assumed charge. No notices of ejectment were issued; and of the three suits in which the estate was involved, two were decided in its favour and one is still pending. The young talúqdár, Rája Rampal Singh, was removed from the Aligarh College, where he was being educated, and kept at home with the object of learning how to manage his estate. With experience, it is said, he is likely to make a good landlord.

No. 31, *Bahua (Encumbered Estate). Normal income Rs.* 23,337; *deficit on the* 30*th September,* 1887, *Rs.* 52,353.

The rental demand was increased from Rs. 22,911 to Rs. 23,337, and this was collected with the exception

of a small sum of Rs. 118. This increase is due to the enhancement of rents effected on the basis of improvements made at the expense of the estate. Of the demand on account of arrears of previous years, only Rs. 330 were realized out of Rs. 3,215. Rupees 1,607 of the balance are said to be irrecoverable, and an application will be made for remission. A portion of the jungle land of the estate has been cleared for cultivation, and already 345 bíghas have been let at an aggregate rental of Rs. 508 per annum. Two new masonry wells were constructed by the estate during the year, and one by a tenant who received fallow lands as compensation. Rupees 80 were advanced to tenants for the purchase of plough-cattle. The property may now be said to be in good order, the effect of improvements made directly by the estate or indirectly from advances made to tenants. The debt due to Government at the beginning of the year was Rs. 56,599 principal, the interest on which for the year was Rs. 2,724. The latter was paid in full, and the former was reduced by a sum of Rs. 4,246, and the debt will be liquidated in another 10 years. No notices of ejectment were issued. The estate was concerned in four suits which were decided in its favour.

No. 32, *Amawan (Abdul Hakim Khan) (Encumbered Estate). Normal income Rs.* 17,107; *deficit on the* 30*th September*, 1887, *nil.*

The current rental demand was Rs. 17,107, of which Rs. 16,316 were realized, leaving a small balance of Rs. 791. Of the arrear balance (Rs. 4,506), Rs. 1,602 are said to be irrecoverable.

This estate, like some others in the district, suffered much from frost and epidemic cholera, which account for the indifferent results. The entire debt due to Government having been paid off during the year, the estate was released and made over to the talúqdár at its close. When the estate was placed in the hands of Government under the Oudh Talúqdárs' Relief Act in November, 1870, the debts aggregated Rs. 27,865. This sum was liquidated by a loan from Government, and in the

17 years of management it has been paid off in full, with interest. During this period Rs. 11,476 were expended on improvements, and four embankments and 82 wells were constructed by tenants. By successful litigation also certain areas previously lost were restored to the estate. The result of this management is an increase to the rent-roll of Rs. 4,340 per annum, a solvent estate, and the condition of the tenantry greatly improved. Unfortunately, this careful stewardship promises to be of little benefit to the present owner.

No. 33, *Koriar Sataon (Court of Wards' Estate). Normal income Rs.* 78,195 ; *credit balance on the* 30*th September*, 1887, *Rs.* 68,546.

The rental demand for the year was Rs. 78,195, of which a sum of Rs. 74,932 was collected, or 95·82 per cent. Of the arrears (Rs. 9,783) of previous years, only Rs. 1,183 were realized. Here also this indifferent result is attributed to the crops having suffered from frost and the tenants from epidemic cholera. Part of the balances is secured by bonds payable in instalments by the tenants and a large portion is said to be irrecoverable. The collections from "other sources" were very good. A sum of Rs. 1,936 was expended on improvements: Rs. 1,000 of this were for advances for the extension of sugarcane cultivation, Rs. 316 for four wells, and Rs. 450 on a new well which was commenced after boring with Wilson's machine for a suitable spot. Five wells were also constructed for Rs. 1,000 by tenants who were given lands at nominal rents as an encouragement. No notices of ejectment were issued, and three suits in which the estate was engaged were still pending at the close of the year. The talúqdár, Thákur Chandrapal Singh, discontinued his studies at the Aligarh College, and remained at home to be instructed in the management of his valuable property. The estate at the close of the year had a credit balance of Rs. 68,546: of this sum Rs. 21,000 are invested in Government Promissory Notes, Rs. 20,000 in a loan to Sardár Autar Singh's estate (Court of Wards), and a cash reserve of Rs. 27,546 was retained for other investments. The talúqdár attained

his majority in December, 1887, and his property was made over to him in January, 1888.

No. 34, *Bhira Gobindpur (Court of Wards' Estate). Normal income Rs.* 51,838; *deficit on the* 30*th September,* 1887, *Rs.* 1,67,108.

The rental demand, current and arrears, was Rs. 72,910, and the collections Rs. 50,631, or 97·67 per cent. of the current demand (Rs. 51,838). Rupees 2,448 were realized from arrears of previous years. Rupees 652 are said to be irrecoverable. Sardár Prem Singh, who has succeeded his father, Sardár Autar Singh, in the management of this estate, is young and the estates may now require more supervision. The arrear balance is large: inquiry should be made, and report submitted for remission of all sums which cannot actually be realized. The collections from "other sources" also were not so good as they might have been.

A well was constructed by the estate at a cost of Rs. 202; advances were made for the extension of sugar-cane cultivation and to tenants for the purchase of seed and plough-cattle; Rs. 800 also were expended on the repairs of a bungalow belonging to the estate.

No notices of ejectment were issued during the year, and of the two suits in which the estate was engaged, one was given against it and the other is pending. The debt due to Government was reduced from Rs. 1,52,597 to Rs. 1,47,108, principal, and the interest which accrued (Rs. 7,540) was paid in full. It was, however, necessary to contract a further debt of Rs. 25,000 during the year in two loans from the estates of Shankarpur (Rs. 5,000) and Koriar Sataon (Rs. 20,000) to meet the expenses incurred on a law-suit which was carried before the Privy Council. The interest due on this sum was paid in full and Rs. 5,000 of the principal. The total debt at the close of the year stood at Rs. 1,67,108. One of the Sardárs, Captain Gulab Singh, died during the year, and he has been succeeded by his son, Sardár Nihal Singh, a boy of five years of age.

No. 35, *Shankarpur (Court of Wards' Estate). Normal income Rs.* 41,298 ; *balance at credit of the estate on* 30*th September*, 1887, *Rs.* 38,452.

The rental of this estate was increased by Rs. 8,037 during the year, *viz.*, from Rs. 33,260 to Rs. 41,297 by the inclusion of the assets of the Jessore (Bengal) villages of the estate. The rental demand, current and arrears, was Rs. 47,310, of which Rs. 41,480 were realized—or 100·44 per cent. of a year's demand. The balance at the close of the year was Rs. 5,830, of which Rs. 969 were on account of current rental, and Rs. 4,861 arrears of previous years. A sum of Rs. 1,552 was expended on improvements, principally on the construction and establishment of a bazaar called the Jubileeganj and in advances for sugarcane cultivation and the purchase of plough-cattle. No notices of ejectment were issued. The young talúqdár, Bábu Bhuban Ranjan Mukarji, came of age during the year, and the estate was made over to him on the 2nd December, 1887. He succeeded to the estate on the death of his grandfather, Bábu Dakkhina Ranjan Mukarji, in 1878, when the Court of Wards assumed management. The estate comprised 17 villages in Oudh, with a gross rental of Rs. 23,009, and lands in Jessore (Bengal) yielding Rs. 8,000 annually. Three villages in Oudh, with a rental of Rs. 5,688, were purchased for the estate for Rs. 26,602. When the Court of Wards resigned charge the entire rental was Rs. 37,192, thus exhibiting a net increase of Rs. 6,183 during the period of management. A sum of Rs. 10,027 was expended on improvements, resulting in one embankment and 80 masonry wells, and the general condition of the tenantry was much improved. A balance of Rs. 38,248 was made over to the talúqdár when the estate was released, of which Rs. 20,000 were in Government Promissory Notes. The legacies to be paid under the will of the late talúqdár in 1890 A.D. amount to Rs. 27,000, which Bábu Bhuban Ranjan Mukarji has undertaken to disburse at the proper time, and the legatees have been so informed. The ward has been educated at Canning College, Lucknow : he is said to be intelligent and well-mannered, and there is every reason

to hope that he will prove himself a good landlord. With a flourishing property and a large balance at his credit he has every advantage.

No. 36, *Pandrigaueshpur (Court of Wards' Estate). Normal income Rs.* 64,197 ; *deficit on the* 30*th September*, 1887, *Rs.* 1,55,510.

The rental demand was Rs. 64,197, or an enhancement of Rs. 729 on that of the previous year. This amount was collected with the exception of the small sum of Rs. 15. The balance on account of previous years was Rs. 4,965, and of this Rs. 959 were collected, leaving Rs. 4,006 unrealized. Of this sum Rs. 2,277 have been secured by bonds payable by fixed instalments, and Rs. 1,319 are said to be irrecoverable. The collections from " other sources " were also good, and the results of management generally were satisfactory. On improvements Rs. 1,405 were expended in advances: five masonry wells were taken in hand by tenants, of which four were completed. Advances were also made for sugarcane cultivation and for the purchase of cattle. Nothing is said as to the progress made in sinking the two large masonry wells the estate had on hand last year. A sum of Rs. 8,000 was paid to the Shahzada for the preliminary expenses of the marriage of his son with the daughter of the Rája of Farídkot in the Panjáb. The debt due to Government was reduced from Rs. 1,77,148 to Rs. 1,55,510, principal, and the interest for the year Rs. 8,353 was paid in full. The four suits in which the estate was concerned were decided in its favour, but in one an appeal has been preferred, which is pending. No notices of ejectment were issued.

No. 37, *Binohra (Court of Wards' Estate). Normal income Rs.* 13,348 ; *deficit on the* 30*th September*, 1887, *Rs.* 23,538.

The rental demand for the year was increased by Rs. 221, chiefly on account of new land brought under cultivation. The demand, current and arrears, was Rs. 16,490, of which a sum of Rs. 13,238 was collected, or 99·17 per cent. of a year's rental. Of the balance

Rs. 3,252, Rs. 334 are on account of the current year, and Rs. 2,918 for previous years. A sum of Rs. 1,574 of the arrears has been secured by bonds and decrees of court; Rs. 196 are said to be irrecoverable, and Rs. 1,147 are due from impecunious tenants who have no means of paying. This sum also may be set down as irrecoverable. The collections from "other sources" were somewhat better than last year, 68 per cent. of the demand having been realized. The embarrassed condition of this estate prevents any improvements being taken in hand; but a sum of Rs. 200 was advanced to tenants for the extension of sugarcane cultivation. The principal of the debt was reduced from Rs. 25,383 to Rs. 23,076. The interest accrued was Rs. 1,455, of which Rs. 994 were paid during the year, and the balance Rs. 461 after the close. No notices of ejectment were issued, and of the four civil suits in which the estate was engaged, one was decided in its favour and three remained pending.

No. 38, *Gaura Kasehti (Court of Wards' Estate). Normal income Rs.* 78,295; *cash balance on the* 30*th September*, 1887, *Rs.* 9,356.

The annual rental demand, Rs. 78,295, exhibits a small increase of Rs. 408 on that of last year, resulting from new lands brought under the plough and alluvial plots added to the estate. Rupees 76,875 of this sum were collected. The arrears due from previous years were Rs. 5,504, of which a sum of Rs. 1,427 was realized. The total balance at the close of the year was thus Rs. 5,497: Rs. 248 of this sum are said to be irrecoverable, and the remainder is in course of realization. The collections from "other sources" equalled 65 per cent. of the demand. Rupees 3,680 were expended on improvements: five masonry wells were commenced by tenants, of which four were successfully completed. A masonry well, costing Rs. 734, was constructed in the compound of the sudder office of the estate. Advances were also made for the extension of sugarcane cultivation and for the purchase of plough-cattle. The entire debt of the estate, Rs. 5,000 principal and Rs. 109 interest, was paid in full. A sum of Rs. 3,533 was also

devoted to the payment of the debts of the Thakurain, and Rs. 5,000 to the marriage expenses of her daughter. The year closed with a cash balance of Rs. 9,356. No notices of ejectment were issued, nor was the estate engaged in any litigation. The talúqdár, Thakurain Achal Kunwar, died in November, 1887, and the release of the estate from management was sanctioned in January, 1888.

No. 39, *Udrehra (Court of Wards' Estate). Normal income Rs.* 40,977; *deficit on the* 30*th September*, 1887, *Rs.* 28,000.

The rental demand was Rs. 40,977, or Rs. 1,476 in excess of last year. Rupees 39,042 of this sum were collected. Of the arrears of previous years, Rs. 4,957, a sum of Rs. 535 was realized. The total balance at the close of the year was thus Rs. 6,357, which is in course of realization. The collections from miscellaneous sources were 61 per cent. of the demand. These results are not so good as last year, and are attributed to the estate having suffered similarly to some of the others in this district. The debt of the estate was reduced by Rs. 11,000, that is, from Rs. 39,000 to Rs. 28,000 principal, and Rs. 2,018 were paid on account of interest. There was no expenditure on improvements. No notices of ejectment were issued, and the only civil suit in which the estate was engaged was decided in its favour. This estate is managed by Thákur Sheo Narayan Singh, the son of the talúqdár.

No. 40, *Sehgaon Pachhimgaon (Court of Wards' Estate). Normal income Rs.* 10,200; *deficit on the* 30*th September*, 1887, *nil.*

The rental demand, current and arrears, was Rs. 11,034, of which Rs. 9,766 were collected, leaving a balance of Rs. 1,268—a result not quite so good as last year, when the entire balance was only Rs. 1,105. It is said that the payment of rents was checked when it became known that the estate was about to be released. The debts amounted to Rs. 5,915, principal and interest, which was paid up in full when the estate was made over to the talúqdár in August, 1887.

The Court of Wards assumed management in November, 1880, on the sanction of the Chief Commissioner to the application of the talúqdár to be declared incompetent of managing his property. At that time the rental was Rs. 7,842; it has since risen to Rs. 10,200. This increment is due principally to new lands having been brought under cultivation, and in some cases to enhancement of rents where means of irrigation had been provided. The estate also constructed an embankment and advanced Rs. 934 for improvements, by which the tenants were enabled to construct 10 masonry wells. The debts at the commencement of management amounted to Rs. 15,459, and these, with the interest, have been paid in full. Rupees 3,926 of this sum, however, were paid in by the talúqdár to enable him to recover possession of the estate on the satisfaction of his most pressing debts. No notices of ejectment were issued during the year, and the only civil suit in which the estate was engaged was decided in its favour.

SULTANPUR DISTRICT.—Officers in charge, Lieutenant-Colonel E. E. Grigg, Deputy Commissioner; Messrs. J. Sanders and D. C. Baillie, Officiating Deputy Commissioners, and Thákur Saledhi Singh, Deputy Collector.

No. 41, *Kunwar (Encumbered Estate). Normal income Rs.* 1,20,171; *deficit on the* 30*th September*, 1887, *Rs.* 43,200, *including a Government takávi loan of Rs.* 1,200.

The rental demand, current and arrears, was Rs. 1,20,855, of which Rs. 1,19,845 were collected, or 99 per cent. of a year's demand. In the Sultanpur portion the collections were 99·81 per cent. of the demand, and in Fyzabad 98·12. The total balance was only Rs. 1,010. Of this Rs. 425 were on account of the current demand, and Rs. 585 for previous years. The collections from "other sources" were Rs. 4,407 out of a demand of Rs. 4,694—a very satisfactory result. In the matter of improvements, in the Sultanpur portion,

a sum of Rs. 506 was advanced to tenants: of this Rs. 275 were for the construction of wells and the remainder for the purchase of seed and plough-cattle. Rupees 5,489 were also expended by the estate on the construction of 26 new wells, the repairs of 10 old wells, the excavation of four tanks, five embankments, a new bazaar, and the purchase of a bull for breeding purposes: also the reclamation of úsar land, the planting of trees, and the distribution of improved wheat seed obtained from Muzaffarnagar. The tenants undertook the construction of 24 wells, of which half have been completed. In the Fyzabad portion Rs. 260 were expended on the repairs of old wells, an embankment, and the excavation of a tank. These undertakings have greatly improved the condition of the estate, besides adding Rs. 3,554 to the rental of the current year. The debt due to Government was reduced by Rs. 24,000, and Rs. 3,000 were paid on account of interest. The debt at the close of the year was Rs. 43,200, inclusive of Rs. 1,200, an advance from Government under the Land Improvement Loans Act. No notices of ejectment were issued, and of the 17 suits in which the estate was involved, six were decided in its favour and two against it; three were withdrawn, and six are pending. The young Rája, Partab Bahadur Singh, continued his studies at the Wards' Institution at Agra, and is making good progress.

No. 42, *Mahona (Encumbered Estate). Normal income Rs.* 49,520; *deficit on the* 30*th September*, 1887, *Rs.* 42,096, *including a Government takávi loan of Rs.* 1,600.

The rental demand for the year, Rs. 49,520, shows an increase of Rs. 1,350 on that of the previous year. The demand, current and arrears, amounted to Rs. 50,524, of which Rs. 49,082 were collected. Of the balance Rs. 1,246 have been secured by decrees of court, and Rs. 74 are said to be irrecoverable: the remainder is in course of realization. The collections from miscellaneous sources were about 80 per cent. of the demand. The expenditure under law charges has been heavy this year, owing chiefly to the suit brought by Niamat Khan

for possession of the entire estate. Of the six suits in which the estate was engaged, two were given in its favour, one was lost, and three were pending disposal. No notices of ejectment were issued. The improvements in progress during the year were the construction of nine masonry wells and five embankments, the excavation of four tanks, besides the repairs of wells and embankments, the making and repairing of roads, planting trees, and other miscellaneous improvements. Of these works, two masonry wells, four embankments, and a tank were completed. The sum expended was Rs. 2,453, including Rs. 360 advanced to tenants. The works undertaken by them, however, have not been reported. The debt due to Government was reduced by Rs. 6,000, that is, from Rs. 46,496 to Rs. 40,496, and Rs. 2,175 were paid on account of interest accruing during the year. The debt includes a sum of Rs. 1,600 taken as an advance from Government under the Land Improvement Loans Act. Better progress in reducing the debt would have been made but for the heavy law charges.

No. 43, *Bhadayan (Court of Wards' Estate). Normal income Rs.* 31,489; *deficit on the* 30*th September*, 1887, *Rs.* 7,900, *including a Government takávi loan of Rs.* 1,400.

The rent demand was Rs. 31,489, or Rs. 625 in excess of the previous year—a result chiefly due to the improvements effected during the past few years. The whole of the demand was collected with the exception of the small sum of Rs. 34. The debt was reduced from Rs. 12,900 to Rs. 7,900, which includes Rs. 1,400 borrowed from Government under the Land Improvement Loans Act. The interest accruing during the year, Rs. 699, was also paid in full. The estate will be cleared of its debts in little more than a year. The improvements under construction during the year were 11 new wells, six embankments, and three tanks, with other minor miscellaneous works, at a cost of Rs. 1,587. The tenants also had seven wells under construction. The estate was concerned in eight suits, of which it gained

three, lost two, and three are pending disposal. No notices of ejectment were issued. The ward is now 19 years of age, and is said to be doing well.

No. 44, *Pali (Court of Wards' Estate). Normal income Rs.* 17,547; *credit balance on the* 30*th September*, 1887, *Rs.* 19,020; *debt Rs.* 600—*a Government takávi loan.*

The demand for the year, current and arrears, was Rs. 17,918, of which Rs. 17,462, or 99 per cent. of a year's rental, were collected. Of the balance Rs. 456, Rs. 374 are in course of realization, and the remainder is irrecoverable. The collections from "other sources" were also good, being Rs. 1,621 out of a demand of Rs. 1,651. Of the balance at the credit of the estate Rs. 10,000 are invested in 4 per cent. Government paper, and arrangements are being made for the investment of the remainder, Rs. 9,000, in loans on the security of landed property. In the matter of improvements, nine wells were under construction during the year, an old well was repaired, and a tank was excavated. The amount expended was Rs. 1,554. No notices of ejectment were issued, and the only suit in which the estate was engaged is pending. The estate will be released from management at the close of the year 1295 fasli, when the minor comes of age. He is said to be careful in expenditure, and likely to make a good landlord.

No. 45, *Unchgaon (Court of Wards' Estate). Normal income Rs.* 16,254; *credit balance on the* 30*th September*, 1887, *Rs.* 27,704.

The rental demand for the year, Rs. 16,254, was collected in full, and of the balance, Rs. 371, outstanding on account of previous years, Rs. 331 are secured by bonds payable by instalments. Of the demand from other sources 92·91 per cent. was realized. The estate constructed two wells, two tanks, and an embankment, on which a sum of Rs. 783 was expended. The tenants constructed two wells, one of which was for

drinking purposes. During the last 11 years the rental of this estate has increased gradually from Rs. 12,148 to Rs. 16,253. During the year the management acquired by purchase a four-anna share in the village Kankupur, which formerly formed a part of the estate, and on this account it was considered a very desirable investment by the mother of the minor and the late Deputy Commissioner. There were no notices of ejectment issued, nor was the estate engaged in any civil litigation. The ward is now 18 years old, but indifferent to his studies : he prefers out-door exercise to mental exertion. In another few years he will succeed to a very flourishing property, and in the meanwhile he should be interested in its careful management.

No. 46, *Walipur (Court of Wards' Estate). Normal income Rs.* 7,077 ; *credit balance on the* 30*th September*, 1887, *Rs.* 1,601.

The rental demand, current and arrears, Rs. 7,097, was realized in full with the exception of the small sum of Rs. 20. Of the income (Rs. 321) from "other sources" Rs. 216 were collected. The small balance at the credit of the estate will be utilized in paying off a portion of the debts of the Kurwar estate, to which the owner of Walipur has succeeded. Rupees 70 were advanced to tenants, of which Rs. 45 were for the purchase of plough-cattle and Rs. 25 for the excavation of a tank. The management expended Rs. 1,143 on improvements, which were the construction of 18 wells, two embankments, three tanks, and the establishment of a bázaar, with other minor works. No notices of ejectment were issued, and the only suit brought against the estate was withdrawn.

PARTABGARH DISTRICT.—Officers in charge, Major F. Barrow, Deputy Commissioner; Mr. W. Hoey, Officiating Deputy Commissioner; and Mirza Humayun Kadr, Deputy Collector and general manager.

No. 47, *Kaithola (Encumbered Estate). Normal income Rs.* 31,884; *deficit on the* 30*th September*, 1887, *Rs.* 9,000.

The rental demand, current and arrears, was Rs. 32,109, of which a sum of Rs. 31,895, or 99 per cent. of the current demand, was collected. The collections from "other sources" were also good, being 86 per cent. of the demand. The debt due to Government was reduced from Rs. 12,500 to Rs. 9,000, and the interest was paid in full. The debt might have been reduced by a further sum of Rs. 2,400 had the management not been engaged in defending the suit brought by the brother of the late talúqdár for possession of the estate. Of the two large wells under construction referred to in the Review of last year, one had to be abandoned as the Deputy Commissioner in his cold weather tour found it impracticable to undertake the work successfully; the second, it is now said, was not begun. Rupees 200 were advanced during the year for the purchase of plough-cattle. No notices of ejectment were issued, and of the 12 suits of the value of Rs. 81,089 in which the estate was involved, three were decided in its favour, one against it, and eight were pending. In the latter is included the suit brought by the brother of the late talúqdár for possession of the estate, which is valued at Rs. 80,495.

No. 48, *Madhpur (Court of Wards' Estate). Normal income Rs.* 7,066; *deficit on the* 30*th September*, 1887, *Rs.* 15,000.

The rental demand for the year was Rs. 7,066, of which Rs. 6,786, or 96 per cent., were realized. Of the arrears demand, Rs. 259, a sum of Rs. 125 was collected. The income from "other sources" was Rs. 375 out of a demand of Rs. 504. The entire debt stands at Rs. 15,000, which is due to Rao Madho Singh on a mortgage of the estate redeemable seven years hence. He was asked to modify his terms and to accept annual payments instead, but he declined to do so. The management should now invest each year's savings in Government Promissory Notes. The accumulation will, however, not be much,

as the cash balance at the close of the year was only Rs. 2,239, and the minor will attain his majority in August, 1889. A sum of Rs. 100 was advanced to tenants for the purchase of cattle and Rs. 15 expended on the repairs of an embankment. No notices of ejectment were issued; and of the two suits in which the estate was involved, one was decided in its favour and one is still pending. The ward continued his studies at the Partabgarh High School.

No. 49, *Baragaon (Court of Wards' Estate). Normal income Rs.* 25,013; *deficit on the* 30*th September*, 1887, *Rs.* 66,510.

The rental demand for the year, Rs. 25,043, was realized with the exception of Rs. 193. Of the arrears demand of Rs. 546, a sum of Rs. 123 was collected. Of the balance Rs. 423, the amount secured by decrees is Rs. 250, and the collection of the remainder is doubtful. Of the demand from other sources only 51·44 per cent. was collected. Of the three wells under construction, one has been stopped by the Deputy Commissioner and two are in progress. These wells up to the present have cost the estate Rs. 3,250, and are an illustration of the argument repeatedly pressed on estates' officers of the risk of entrusting works of the kind to untrained estates officials. The impropriety is manifest of doubtful experiments in a deeply embarrassed estate. Four wells were being constructed by tenants, for which they have received groves from the estate. The debts of the estate were reduced from Rs. 71,746 to Rs. 66,510, and interest paid in full. It is considered now that with careful management the affairs of this estate are not hopeless. No notices of ejectment were issued, and in six cases in which the estate was engaged, it gained four, lost one, and one is pending.

No. 50, *Shamspur (Court of Wards' Estate). Normal income Rs.* 25,174; *credit balance on the* 30*th September*, 1887, *Rs.* 6,424.

The rental demand, current and arrears, was Rs. 26,421, of which Rs. 24,754 were collected, 98 per

cent. of the current demand. Rupees 88 were realized out of the arrear balance of Rs. 1,247. The collections from "other sources" were also small, 56·53 per cent. of the demand.

The amount expended on improvements during the year was Rs. 1,463. Of this Rs. 645 were for the completion of two wells, Rs. 800 for the purchase of cattle, and Rs. 18 for the extension of sugarcane cultivation. No notices of ejectment were issued, and in the single suit in which the estate was concerned, it was successful. The debt at the close of last year, Rs. 3,725, was paid up in full with the interest due on it. The estate was released on the 1st October, 1887. When it came under management in November, 1880, the debts aggregated Rs. 43,149. The rent-roll at that time was Rs. 22,990, while it is now Rs. 25,174—an increase due to the improvements effected. Four wells were constructed by the estate at a cost of Rs. 2,138, and two were repaired for Rs. 174, besides six embankments, costing Rs. 554. The tenants constructed 18 wells, for which some received money advances and others leases on favourable terms and groves. In the seven years of management the entire debt of the estate has been paid off, and Rs. 6,424 in cash handed over to the proprietor on its release.

No. 51, *Pandwasi (Court of Wards' Estate). Normal income Rs.* 461 *; deficit on the* 30*th September*, 1887, *Rs.* 891.

The rental demand of this village was realized in full, and the debt was reduced from Rs. 967 to Rs. 891, besides Rs. 55 paid on account of interest. No notices of ejectment were issued, and the only suit in which the estate was engaged is pending. The ward is being educated at the Partabgarh Zila School.

No. 52, *Dahyawan (Court of Wards' Estate). Normal income Rs.* 20,969 *; credit balance on the* 30*th September*, 1887, *Rs.* 24,405.

The current demand was Rs. 20,969, and of this 99 per cent. was collected. Of the arrears of previous

years Rs. 53 were collected out of a demand of Rs. 322. The collections from "other sources" were poor, only 43 per cent. of the demand. On account of interest due to the estate on sums lent, only Rs. 2,391 were collected out of Rs. 6,433. Legal measures are under consideration for the realization of this balance. Of the sum at the credit of the estate Rs. 18,500 are invested in Government Promissory Notes and Rs. 5,905 are retained in cash to meet the marriage expenses of the talúqdár's sister. There has been no expenditure on account of improvements during the year. No notices of ejectment were issued. The estate was engaged in three civil suits, of which one has been decided in its favour and two were pending. The minor, Ramadhin Singh, continued his studies at the Partabgarh Zila School, and is said to be doing well. The Deputy Commissioner has been requested to consider the question of sending him to the Wards' Institution at Agra, when there is a vacancy there.

APPENDICES.
